TELEGRAMS BRIEFED

Governor Clark of Arkansas has appointed a committee of delegates to attend the silver convention to be held in Memphis. The oldest son of B. F. Johnson, at Hammond, La., was accidentally killed by the discharge of an "unloaded" pistol in the hands of a small boy. In a fit of somnambulism Mrs. George Hamilton of Athens, Ky., walked out of a second story window and was killed by the fall. Hon. Josiah Patterson of Tennessee, a "sound money" advocate, will meet Hon. John S. Williams at Meridian, Miss., to discuss the financial question. It is reported that President Cleveland has decided to appoint Melville E. Stone, manager of the Associated Press, successor to Mr. Gresham as secretary of state. Out of twenty-five members of the city Republican committee of Lynn, Mass., recently elected, eighteen were candidates. The result was a big surprise. A syndicate of London bankers have agreed to take Newfoundland's loan of \$2,000,000 four per cent forty-year bonds, and the colony is relieved of all financial embarrassment. All the military prisoners at Leavenworth, Kan., about 140 in number, are being taken before July 1, when the military prison is to be turned into a United States penitentiary. Clarence Brooks committed suicide at a picnic near Atlanta, Ga., by shooting himself with a pistol in full view of the crowd. Disappointment in love is supposed to be the cause of the deed. A dog fight near Moulton, Ala., caused the team of William Cowart to become frightened and run away, overthrowing the carriage. Cowart and two children were killed and Mrs. Cowart badly injured. A C. H. Smith of Ottawa, vice president for Kansas of the American Hospital League, has issued a call for a conference of Kansas free silver men, irrespective of party faith, to be held in Topeka, June 15. M. De Roolkowsky, financial agent for Russia, claims that although that country produces about \$25,000,000 in gold annually, she will agree to a bimetallic standard whenever the rest of the world will do so. Men digging for gravel at Lynn, Ind., have discovered hundreds of graves containing skeletons which are supposed to be those of the "round bottomers." The skeletons are of men, women and children of all ages. Some arrow heads and ornaments have also been found. Lee Post, G. A. R., of Camden, N. J., has issued a letter demanding that the board of education of that state remove from the public schools the "Barren River History of the United States," claiming that the book treats lightly the civil war and fails to teach the danger of treason. The abstract of the condition of national banks of Texas at the close of business on May 7, as reported to the comptroller of the currency, shows the average reserve to have been 28 1/2 per cent, against 42 1/2 per cent on March 6. Loans and discounts increased from \$3,440,674 to \$4,291,870; stocks and securities increased from \$1,215,209 to \$1,577,054; gold coin increased from \$1,208,005 to \$2,018,770; total specie decreased from \$4,621,884 to \$3,762,491; lawful money reserve increased from \$6,842,487 to \$7,872,425; individual deposits decreased from \$36,824,908 to \$34,225,691.

COMING CONFLICT.

TO DRINK OR NOT TO DRINK— THAT'S THE QUESTION. FORT WORTH AND DALLAS PROHIBITIONISTS PREPARING FOR A VIGOROUS CAMPAIGN—COMMITTEES OF BUSINESS MEN APPOINTED BY THE "DRYS."

The prohibitionists of Tarrant and Dallas counties are preparing for a vigorous campaign in Fort Worth and Dallas this fall and have, by uniting their forces, induced prominent business men of both cities to become interested as active workers for their cause. They are hopeful of carrying both counties against the anti, who are as yet unorganized, and by thus early occupying the field believe they have gained a prestige that will be difficult to overthrow. The anti, on the other hand, are making no visible movements towards organization, but will doubtless present a solid front when the time comes. They say that they have compiled with the law and agreements made with the local optionists, and do not intend to make a move unless an election is ordered. "With Waco and Dallas wet and Fort Worth 'dry,'" said a prominent anti "yesterday, real estate values here would sink 50 per cent, and that in a very short time. Texas is gradually becoming 'dry,' all through the inactivity of anti prohibitionists who do not exert themselves, and its business interests cannot afford it."

Another "best assured that when the time comes the local optionists will be met by a stone wall. This is all we have to say, except that the saloons are all absolutely and strictly closed with the law and the agreement they made." One of the workers for local option was interviewed by a Gazette reporter. He said that at a joint meeting of ministers of Fort Worth and Dallas local optionists held recently a committee of twelve good business men, six from Dallas and six from Fort Worth, were selected to act as an executive committee, and that in their hands rested the entire management of the campaign. All work is to be committed to their hands. There is no concerted action, he said, with Waco, unless it was in the nature of a correspondence with the executive committee. "My impression is," he continued, "that it will be a very hard fought battle, both in Dallas and Fort Worth. They are the two largest cities in the state and the hardest struggle will, in my opinion, be right here."

Hundreds of people are engaged in Fort Worth and Dallas in the manufacture and sale of beer and liquors, and the excitement of a local option campaign may naturally be expected to run very high in case an election is ordered. Both sides are awakening to this fact and preparing for the fray.
